Facilitated by Kelly Bryson, Evalena Rose, Fred Burks, Amos Lovell, &  
more...

Held @ Lupin Lodge, near Los Gatos, CA

From the 'Heart of Now' we invite you to an experience of 'waking up together' into the home of your heart in a new relational field of community. Because. . . "it takes a village to raise a consciousness."

Our container of 'Radical Acceptance' allows individuals to "attend and befriend" their life-limiting story, so a new chapter of authentic essence can emerge. Enjoy a wide array of experiential workshops on personal growth, social change, relationship skills, & community building. Come play with

65 people for 5 days in a natural setting: hot tub, pool, Pujas, workshops, singing & dancing.

### We create a cultural field of tolerance & offer tools for:

- Accepting yourself completely
- Living Heart-centeredness
- Letting your story of -"there's something wrong"- go!
- Letting your story of -"there's something wrong with me"- go!
- Becoming "Trigger Happy" as a spiritual path.
- Creating your own transparency tribe.

### Our workshops and group processes draw from "Tribal Technologies" such as:

The ZEGG Forum, Nonviolent Communication, Next Culture. Transformational Theatre, Biodanza, Transparency Technologies, New Culture, Sacred Matrix, Field Theory, Trust Based Relationship (TBR),

Permissionary Pujas, Heart of Now, Laws of Deliberate Creating, Intersubjective Meditation.
